### SPLENDID RAIN WHICH WILL GREATLY BENEFIT

The Trucking Interests. Likely That More Vegetables Will Be Shipped From Arcadia Than At Any Season in the History of the City.

(From Friday's Daily.)

Last night this community was blessed with a most glorious rain, which continued during the entire night. At times the downpour was heavy, but most of the time the rain was very gentle. The fall was eighty-one-hundredth inches, and will prove to be a great boon to the truckers of the community. The weather, too, is proving ideal following the rain, being balmy and partly cloudy, which will give all vegetation the full benefit of the moisture.

It now seems practically assured that there will be a good crop of vegetables shipped from this point during the coming season. There are about 60 or more acres planted to cucumbers and many of the vines are now throwing out young fruit that should be ready for market within the next ten days. If only one or two more good rains will fall within the next three weeks we expect to see more vegetables shipped from Arcadia than at any time in the history of the city.

### PEACE RIVER TRUCKERS ENTHUSIASTIC EXPECT TO SHIP IN CAR LOTS SOON

(From Thursday's Daily.)

The Peace River Truckers' Association met at the court house last night for the purpose of working out the details pertaining to the new packing house that is being erected here, and which will be ready for business next Saturday.

The board of directors elected Grant Orr, Russell King and Joe Crews, Sr., as executive committee, and B. B. Smith was appointed manager of the packing house, who will assume his duties November 1st.

The association appointed a committee to prepare a trade mark and emblem, which committee will report at the next meeting.

Some time this coming week a committee from this association will visit the packing house at Wauchula for the purpose of obtaining what information may be had from the experience of this organization.

Next Saturday afternoon the C. H. & N. Railroad will entertain the members of this association at the packing house, where refreshments will be served. Invitation is extended to all farmers, whether members of the association or not.

It is expected that the association will be shipping in car load lots not later than November 10th. All farmers of the community, whether members of the association or not, are invited to communicate with Manager Smith in regard to the approximate amount of vegetables they will have for shipment. The association desires to keep accurate statistics in regard to the approximate amount of vegetables they will have for shipment. The association desires to keep accurate statistics in regard to vegetables grown in this section, whether shipped through the association or not.

### HALLOWEEN.

Halloween was celebrated by the Boys' Club of Joshua Creek at Holloway's home Saturday evening. On account of the school during the week the date of celebration was advanced.

The guests came in the guise of ghosts, and circled around a bright fire under the spreading oaks, until all had arrived. At a signal all unmasked to find each a mate. Many new and jolly games were played, including delicious refreshments, until nearly half the night was spent. About seventy-five were present. The party was remarkable for gentility and refinement on a Halloween.

The Boys' Club will entertain the ladies with ice cream and cake at Newbanks' at the next rotary meeting.

### From the Army—

Harvey Smith, who is very well known in Arcadia, has returned for a visit to his mother, Mrs. C. H. Smith, Mr. Smith is a sergeant in the United States army. He has been away over a year, and has evolved from a private to a sergeant. He has a host of friends in the city, who will be glad to know he is again here.

### Eight Pound Boy—

### DE SOTO COUNTY FAIR ASSOCIATION SHOULD HAVE PERMANENT GROUNDS AND PERMANENT BUILDING

(From Thursday's Daily.)

Yesterday we announced that the agricultural committee of the Arcadia Commercial Club would hold a meeting next Tuesday at 10 o'clock for the purpose of formulating plans for the county fair. In this connection we will call the attention of this committee to the fact that the stockholders of the Manatee County Fair Association met at Bradentown recently and agreed to hold the county fair there February 20 to 23 inclusive. Among other plans for improvements over the last year's fair it was agreed that permanent buildings would be erected on the fair grounds. Now seems to be the appropriate time for DeSoto county to take the same steps. There is no use of going to the big expense of erecting temporary buildings for a permanent organization, and we respectfully suggest that this committee shall at the meeting Tuesday take up this matter of permanent grounds and buildings.

### GEORGE JUSTICE DEAD.

(From Friday's Daily.)

Little George Justice, aged 7, died at the Florida House early this morning. His father, Prof. Justice, is a teacher in the Sweetwater high school. The family are well known in Arcadia, as they lived here until some months ago. Little George was brought to Arcadia two weeks ago by his father to be treated for ear-ache. Later he developed mastoids, which disease attacked the brain and resulted in death. Everything was done to relieve the little sufferer, but all proved to no avail, as he grew steadily worse. Dr. R. T. Bell, the Presbyterian minister, will perform the funeral services, and the body will be laid to rest beside his mother in Oak Ridge cemetery this afternoon. The many friends of the family extend deep sympathy. Deceased is survived by his father and five brothers.
